

“This is a HUGE win for the investor and a significant value-add for CrowdStreet!”

– CrowdStreet Investor

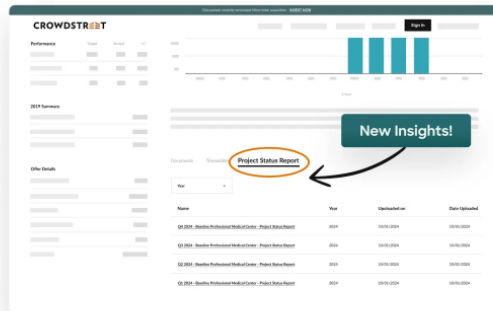

**What investors are saying:<sup>1</sup>**

“Thank you for recognizing how beneficial standardized metrics would be for investors.”

“I looked over a few reports in my portfolio...and I love them! The project report is a great way to see important values at a glance.”

“This is a HUGE win for the investor and a significant value-add for CrowdStreet! These new reports capture 90% of the important information in a concise, easy to locate manner.”

Project Status Reports are the newest addition to the quarterly information you receive about your investments. These reports consolidate key data provided by the sponsor, delivering valuable insights to help you track performance and better understand your investments—all in a streamlined, standardized format that’s easy to review.

**Haven’t explored the reports yet? Here’s how to find them:**

- Log in to your CrowdStreet account.
- In the top navigation bar, select Portfolio.
- From your list of investments, click on the specific investment you want to view.
- On the investment’s page, locate the right-hand column of modules and click on the Project Status Reports tab.
- If a report is available, it will be listed under this tab.
